## fan-aspirated radiation shield

**ACCESSORIES**

### Vantage Pro2 Accessories radiation shield

art.no. 7714

This radiation shield received a 5-star rating from the WMO. It protects the temperature sensors from solar radiation and other sources of radiated and reflected heat. Multi-plate construction for maximum airflow. Assembly required.

scope of delivery:

- radiation shield
- mounting hardware

<b>general information</b>	radiation induced error:	+0,5°C at solar noon (insolation = 1040 W/m <sup>2</sup> , average wind speed ≤ 1 m/s)
	permitted operating temperature:	-40°C to +65°C
	housing material:	UV-resistant plastic
	compatible with:	remote temperature station (6372OV) leaf - soil moisture - temperature station (6345OV) all DAVIS temperature sensors
